

## CHAMPIONSHIP SHOW

SEPTEMBER 2018

My Thanks to all exhibitors for making a lovely entry and hard working steward who did a great job keeping the ring running....smoothly !

Type and quality was varied but I was satisfied with my principal winners. Much as it's money saving and gives exhibitors the opportunity to compete for two sets of tickets on a single day, there is something lost in the identity of the club and the fact that it is its main event of the year, so should be made extra special - as has been in the past. The constant, noisy and sometimes aggressive barking from the bottom of the hall was a worry for some of the Collies. Perhaps if the union is to continue, then a tented, outdoor ring, where exhibitors could set up for the day, without feeling harried to make way for following variety classes, may work better. Nevertheless, I thoroughly enjoyed my day.
